

OFFICE OF
THE GOVERNOR

NO. 8 FY 04/05
DATE November 24, 2003

**AN ORDER REGARDING THE USE OF "LEED" BUILDING
STANDARDS FOR STATE BUILDINGS**

WHEREAS, Maine is dedicated to the mutually compatible goals of energy efficiency, environmental protection, and economic growth; and

WHEREAS, Maine is dedicated to the environmental health and safety of its employees, and to efficient and effective work environments; and

WHEREAS, Maine has already established the "Clean Government Initiative" to ensure that all State agencies and State-supported institutions of higher learning incorporate environmentally sustainable practices into their planning and operations; and

WHEREAS, Maine seeks to advance the goals and policies of the Energy Conservation in Buildings Act, 5 M.R.S.A. §§ 1761 et seq. ("ECBA"), as applicable to State buildings, which promotes evaluation of life-cycle costs and energy efficiency in the design of public improvements; and

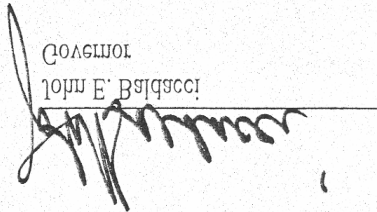

WHEREAS, State government should assume a leadership role in promoting the efficient use of energy and natural resources in the interests of the long-term protection and enhancement of our environment, our economy, and the health of our citizens and future generations of Mainers; and

WHEREAS, this State enjoys a unique and timely opportunity to design, construct, and renovate buildings for the 21st century that will be adequate to serve the needs of our citizens and employees for years to come and that will incorporate a building's life cycle and reduced operating costs; and

WHEREAS, it is in the best interests of the people of Maine that all State buildings constructed, expanded, or renovated shall be modern facilities of the 21st century, combining the most energy-efficient design, the most environmentally sustainable systems, and maximum access and benefit to employees and the public.

NOW, THEREFORE, I, John E. Baldacci, Governor of the State of Maine, do hereby order and direct as follows:
